INDIANA DOWNS TO TEST NEW RACING SCHEDULE - SHELBYVILLE TRACK SEEKS TO BROADEN MARKET HORIZONS

SHELBYVILLE, Ind.; July 22, 2013 – On Sept. 2, 2013 Indiana Downs will transition from a 6:00 p.m. first post to 1:55 p.m. EST. Racing will follow the existing Monday, Tuesday, Wednesday, Friday, and Saturday schedule with the exception of an earlier first post. The new schedule will remain in effect until closing day Oct. 19. The schedule change will be implemented in an effort to gather market data and discover Indiana Downs' optimal position in the national horse racing market.

Race date requests for the 2014 meet are due by Nov. 1 of this year and will establish Indiana Downs' 2014 meet. Indiana Downs' officials seek to utilize this short window of time to gather empirical data and

compare scheduling options. With the advent of an all Thoroughbred and Quarter Horse meet, a continuous 2013 schedule, and the increased interest in Indiana horse racing, Indiana Downs management seeks to establish its evolving racing product in the most advantageous market possible; for fans, horsemen, and athletes alike.

During the seven weeks of afternoon post times Indiana Downs' performance will be evaluated on many different levels such as: competitiveness of Indiana Downs product, guest feedback, and cohesiveness. The ultimate goal is to cultivate a fair comparison between alternate schedules and market shares in order to deliver the best racing product possible in the coming years. Indiana Downs secured this opportunity as the least invasive time period for gathering information. While many factors have not yet been addressed, it is in Indiana Downs' interest to promptly secure an optimum performance plan for many years to come.

“We are committed to offering our fans, both locally and nationally, the best and most competitive racing experience possible,” said Jon Schuster Indiana Downs’ vice president and general manager of racing. “In order to accomplish this now and in the future we need to explore various options concerning the times of day and days of the week we race. Currently all live racing in Indiana is conducted at night. The end of meet post time change is a relatively short and proactive approach to gathering important information. Ultimately, our goal is to place ourselves in the best possible position for our fans and the racing industry.”

TCA distributes grants to several categories of Thoroughbred industry related nonprofits including rescue, rehabilitation and adoption organizations as well as education and backstretch programs, therapeutic riding programs and research organizations.
